

# Pay the import fee online

## Activating or deactivating the service

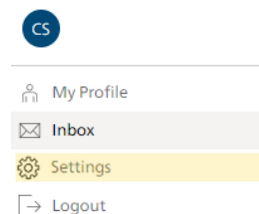

If a consignment from abroad is in transit and import costs apply, we will inform you by e-mail, SMS or via the Post-App. This means that you can easily pay import costs of up to CHF 100 online.

Online payment of import costs is **automatically activated for all customers of "My consignments"**. You can easily deactivate it in the permanent settings.

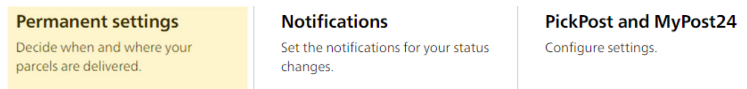

Sign in to **"My Post"** [www.swisspost.ch](http://www.swisspost.ch)

Under your profile, select **"Settings"**

Then select **"Permanent settings"**

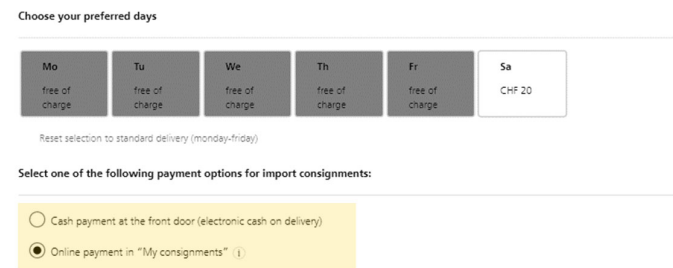

You can now change your settings for receiving your consignments.

Click **"Change settings for receipt of consignments."**

Change the payment option according to your preferences.

Click **"Next"** to validate the payment method.
