

Posting consignments

My Post Service access points

Prices: as of 1 January 2024

Pricing is determined by the parcel size (M, L and XL) and not by weight as it is in the branches.

The following prices apply:

Return shipment using a shipping label from the mail order company

In this case, two options are available.

– **Shipping label with the remark “GAS” = free return shipment**

Parcel consignments which bear the “GAS” label (business reply label) and already have a basic barcode affixed. In this case, the recipient will assume all the costs for returning the consignment. Dispatch takes place without charge.

– **Shipping label with consignment barcode, beginning with the digits 99.01... = shipping charges discounted by CHF 1.50**

Parcel consignments addressed to a mail order company (e.g. Spengler, Jelmoli, VAC, etc.). The consignment already bears a pre-printed shipping label with a consignment barcode that begins with the digits 99.01.... The consignment is taxable and must be paid by the mailer.

Parcel size	Height x width x length	PostPac Economy price (incl. VAT)
M	17,5 x 44 x 61 cm	CHF 7.00
L	36,5 x 44 x 61 cm	CHF 10.00
XL	74,5 x 44 x 61 cm	CHF 19.00

Posting of Economy private customer parcels without a shipping label

Parcel consignments from private customers, which do not have a consignment barcode. The barcode will be affixed to the consignment by partner staff at the service points. The consignment is taxable and must be paid by the mailer.

Parcel size	Height x width x length	PostPac Economy price (incl. VAT)
M	17,5 x 44 x 61 cm	CHF 8.50
L	36,5 x 44 x 61 cm	CHF 11.50
XL	74,5 x 44 x 61 cm	CHF 20.50

Delivery times

The parcels are transported as PostPac Economy and delivered within two to three working days after posting (excluding Saturdays, Sundays and federal, cantonal and regional public holidays).
