

IMPORT/EXPORT BORDERLESS SERVICE

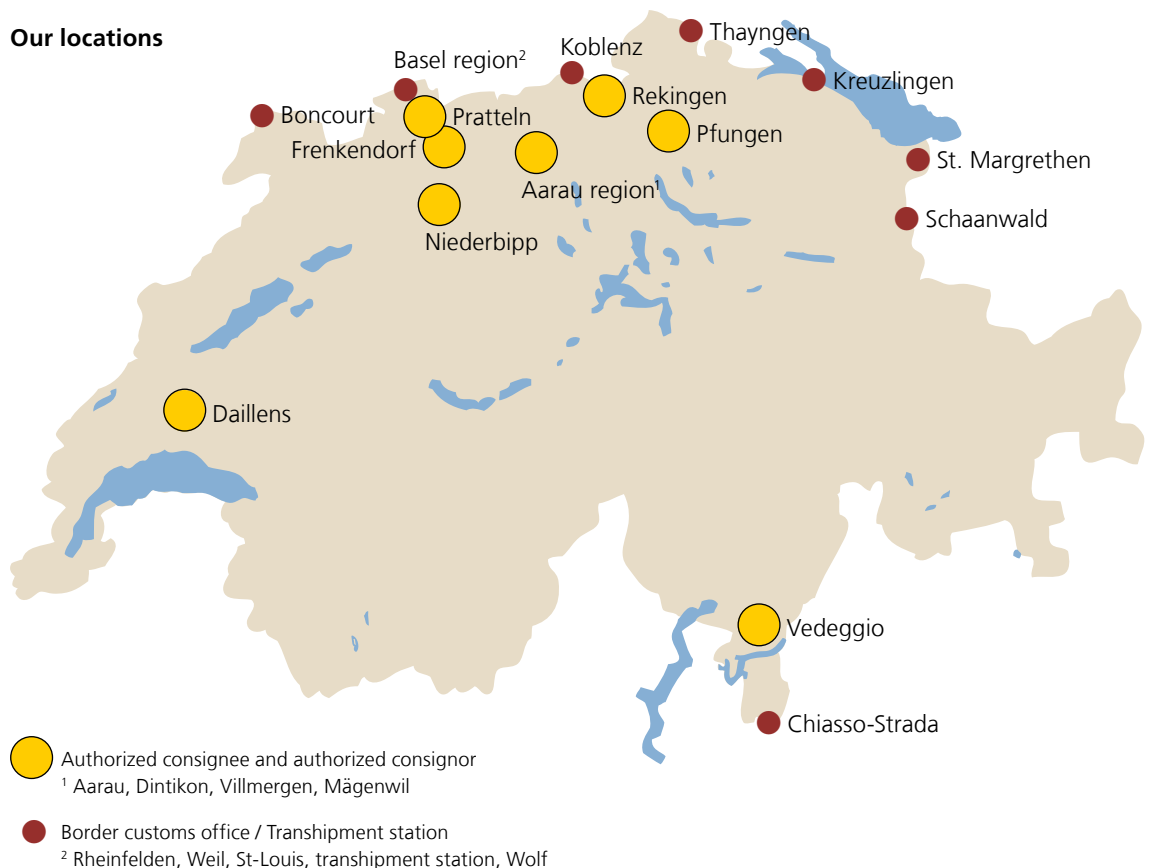

Whether you're sending goods to Switzerland from outside the country or vice versa, Swiss Post will take care of all your small consignments, partial and full truck loads. Our service is fast and reliable. All import/export customs clearance takes place in Switzerland. And all from a single source.

Whether you're looking to import or export goods, we have the perfect solution for you. If you wish to send a consignment from Switzerland, we'll collect it from you, and our partner in the relevant country will deliver it to the recipient. The reverse procedure applies to shipments from abroad. In both cases, we take care of customs clearance and you have a single contact: Swiss Post.

Easy customs clearance

As an authorized recipient and sender, we clear your goods directly at one of our logistics centres, thus saving you long waits at the borders. Our experienced customs agents ensure speedy, correct customs clearance of the goods delivered. What's more, you are also free to deliver your goods personally to one of our logistics centres – when returning an item for shipment abroad, for example.

Our locations

Complete customs clearance presence

Customs clearance takes place within Switzerland as well as at the border. Our customs clearance services include the following areas:

- Swiss import customs clearance for all types of commercial goods
- Swiss export and transit clearance
- German, French and Austrian import and export customs clearance
- Intermediate clearance, temporary import and export clearance, consignment certificates
- Complex bulk clearance

Services included

- Collection of small consignments, partial and full truck loads
- Scaling of prices according to weight, required space and zone
- Import and export customs clearance in Switzerland
- Electronic link for the transmission of customs and consignment data
- International electronic transport order at www.swisspost.ch/transport-int

Advantages

- Europe-wide forwarding in collaboration with well-known, efficient partners
- State-of-the-art equipment: swap bodies, carriers including sprinters, rail and jumbo trailers
- One single contact
- Delivery and collection anywhere in Europe

Acceptance
