Goods from Samnaun to Switzerland

Prices

Domestic prices for Switzerland apply.

Customs declaration

A customs declaration is required for parcels as with goods from Switzerland to Samnaun.

Import customs clearance

Postal consignments from Samnaun to Switzerland require import customs clearance (as with international consignments).

Customer refuses delivery

Goods exported from Switzerland which the recipient refuses to accept and which are returned unchanged to the sender can be imported back into Switzerland duty-free provided that the value added tax amount is less than CHF 100.00. The sender in Switzerland pays a tax on the return shipment.

If a recipient in Switzerland refuses to accept a parcel from Samnaun, it is returned to the sender, who pays a tax on the return shipment.

Repairs

Repairs in Switzerland

If items are sent from Samnaun for repair in Switzerland, consignments must be declared as active repair traffic for import purposes. The usual import regulations for Switzerland apply.

When items repaired in Switzerland are returned to the customer in Samnaun, the repair costs must be specified in detail on an enclosed invoice.

Repairs in Samnaun

If items are sent from Switzerland to Samnaun for repair, consignments must be deregistered as passive repair traffic for export purposes.

When items repaired in Samnaun are returned to the customer in Switzerland, the repair costs must be specified in detail on an enclosed invoice. For goods repaired in Samnaun, the material, wage and freight costs are subject to Swiss customs and VAT law when imported back into Switzerland. Exception: warranty repairs.
