

SMS Postage stamp

Easy, quick and around the clock

This is how it works:

1. Send "STAMP" by SMS to number 414
2. Copy the code you receive on the top right of the envelope
3. Drop your letter in the mailbox – and off it goes!

Your benefits

- Convenient mailing at any time of day
- Stamps are available 24 / 7
- No registration required
- Mailed in time – delivered tomorrow

Description of service

Mail with SMS postage stamp will be delivered on the next business day (Mon–Sat), provided that it was mailed in time. Latest mailing time: drop it in a mailbox before the last A Mail collection or take it to a post office counter by 6:30 p.m. or earlier if the post office closes earlier. In post offices with later evening hours, mail it by the latest mailing time for A Mail as indicated.

Important: only one SMS postage stamp may be used per letter. The stamps are therefore valid only for standard domestic A Mail letters. All other forms of franking can currently be purchased only at post office counters or as a WebStamp (www.swisspost.ch/webstamp).

Format and weight

- Standard domestic A Mail letter format: up to B5 (25 × 17.6 cm), max. 100g and 2 cm thick

Rate

- CHF 1.10, including VAT
- The amount will be charged directly to your mobile plan or
- deducted from your prepaid balance

Validity of SMS code

- Each code is valid for ten days after receipt and may be used only once for the payment of postage for a standard domestic A Mail letter
- The only provider where it is not possible to order an SMS postage stamp is UPC, as it does not offer the Premium SMS service.
- Detailed information available at: www.swisspost.ch/sms-stamp
